

**The Mother of False Religion**  
**Revelation 17:1-18**

Throughout history the two most powerful systems in the world have been the religious system and the eco-political system.

Corruption and destruction have been indelibly connected to these two influential systems. In the end, Satan's plot will work through a powerful one world religious and eco-political system.

In **Revelation 17:1-18**, John is given a vision of God's final judgment on the world's false religious system.
