The Christian life is a journey. It's a lifelong process. As believers we must live in the balance between who we are already, who we are not yet, and who we are chosen to be (1 Pt. 2:9).

The one absolute essential to this spiritual journey and lifelong process is the Holy Spirit. The Spirit of God indwells us and empowers us to become who we are called to be (1 Cor. 6:19; Phil 1:6).

In today's study, we will see that the Holy Spirit transforms all believers from who we are not yet to who we are chosen to be.
