The message of salvation is a vitally important message (Rm. 10:9, 13). Without question, it is the one message that everyone on earth needs to hear. They must hear it to have the hope of salvation.

God has his own IMF—"International Mission Force." According to the Great Commission, it is the mission of the saved to share the message of salvation with all who are lost (Mt. 28:18-20; Mk. 16:15).

In today's study, Paul makes a strong case that a clear presentation of the gospel is necessary for the lost to be saved.
