Everyone has potential to become a leader when God stirs one's heart for a righteous cause. However, what follows next separates those who make things happen from those who watch things happen.

As we began this study on leadership, we saw that God stirred Nehemiah's heart for a righteous cause. As Nehemiah fasted and prayed, God intensified his burden and clarified his vision.

In our text, God will open the door for Nehemiah to take action and to begin the process of rebuilding the walls of Jerusalem.
