Praying sincere and fervent prayers is a vital spiritual discipline for all believers to practice. We should pray both privately and corporately.

In times of trouble and uncertainty, we must see prayer as a first priority and not a last resort. It is important for us to believe in the power of fervent prayer. God responds to the prayers of His people.

In our text, Paul instructed his young disciple Timothy about the priority and the power of fervent prayer.

The Main Thought...

➡ *When we make prayer our _____, the people of God will witness the power of God.*

1. _____ people need our prayers (v. 1).

Eph. 6:18-20; Phil. 4:6

2. Our _____ need our prayers (v. 2).

Jer. 29:7; Jm. 3:17-18; 2 Kgs. 23:24-26

3. _____ people need our prayers (v. 3-7).

- Pray for them to come to the knowledge of _____ (v. 3-4).
- Pray for you to have opportunities to share your _____ (v. 5-7).

Ezek. 33:11; Rm. 9:1-3; 10:1-3

A couple of thoughts to consider...

- *How _____ are you for the lost?*
- *What are you _____ about it?*
