Hearing God Speak
John 10:27-30

How is your hearing? Some people have a really good set of ears. Be careful what you say around them. Other people need hearing aids.

There is more to hearing than merely having two good ears. We do not really hear when we practice selective hearing or distracted hearing. Real hearing requires the discipline of listening.

In our text, our Great Shepherd, Jesus Christ, says that His sheep hear His voice and they follow Him.

Main Thought...

➔ *God is always _____, but we are not always listening.*
